

Co-operative Onboarding Program

It's time to get ON Board!

Let the award-winning educators at OCA introduce your team to the amazing co-operative sector through our interactive ON Board program - and inspire a new generation of engaged employees, directors & co-op champions!

Invest in your team and give them the tools and the knowledge to talk about your co-operative with confidence.

Program Overview

FACILITATED WORKSHOPS

This workshop will give participants a deeper understanding of the co-operative business model, its values and principles.

Our introductory workshop challenges participants to reflect on their co-operative purpose, as we examine the structure and social impact of credit unions and co-operatives in Canada and around the world.

Co-operative understanding can provide opportunities to connect with consumers who are looking to do business with organizations who operate in a way that aligns with their values.

*When consumers understand co-op values and business practices, they are more likely to choose a co-operative or mutual.**

ON Board is FREE for all *OCA Members!

*You must be a dues-paying member to receive free access to the ON Board program.

Offers & Discounts

As part of its membership value, OCA offers the virtual ON Board program at no cost to all of its dues-paying members.

Group discounts available for non-members.

Contact us to book a group virtual session for your team, or you can register your individual staff for one of our upcoming workshops.
